

2023-2024 Student Computer Recommendations

QCC does not require students to own a laptop or desktop computer, however most students find that it is much easier to have one.

The following list is our *recommended* minimum configurations. If you are planning on purchasing a computer, consider taking this list with you.

Certain programs have special requirements - they are listed separately. If you are in a healthcare program, please review the notation at the bottom indicated by an asterisk (*).
